# CHANGE YOUR LIFE WITH THE LEVEL SYSTEM

"Since joining the Rapper Shortcut I have grown immensely in every aspect of being an independent artist."

- I've gained thousands of streams on YouTube, SoundCloud and Spotify and iTunes. Hundreds of subscribers on various platforms and consistent income from streaming services.
- I have hardcore dedicated fans that I've learned to cherish and love and interact with constantly. I've sold HUNDREDS of dollars worth in tickets for shows. I've opened for big local artists in my city and built connections with them.
- I've locked down a solid eye catching image and style that breaks necks, catchy easy to remember slogans and sayings and nicknames, a captivating message and brand that sticks and goes together perfectly + cohesively. An insanely distinct sound, with distinct adlibs, and the most unique yet simple to understand bars ever. I've become a drastically better writer, recorder, and performer."
